Nature's Gift in Good Hand's

MAJESTIC GRANITE

SINCE 1989

Founded in 1989, Hilltop Stones has grown from a family-run venture into a prominent multinational business with over three decades of expertise in the natural stone industry. From its inception, Hilltop has been committed to delivering top-quality products and services, earning a reputation for excellence in both domestic and international markets.

Hilltop's state-of-the-art production facility in Shoolagiri, Tamil Nadu, India, features cutting-edge technology and fully automated machinery, tailored to meet the diverse needs of our clients. Our expansive 2,00,000 square foot plant serves as a comprehensive "one-stop-shop," housing the production facility, stockyard, and a vast display area under one roof. This integrated setup allows us to manage every aspect of production and service in-house, ensuring exceptional quality standards while efficiently addressing our clients' requirements.

Hilltop Stones stands as a testament to decades of dedication, innovation, and a deep understanding of the natural stone industry, continuing to lead with quality and integrity.

CARE AND MAINTENANCE

- **Clean Gently Daily:** Wipe surfaces with a soft cloth, warm water, and mild soap. Avoid using abrasive scrubbers.
- **Act Quickly on Spills:** Blot spills immediately especially acidic ones to prevent staining. Never wipe, as it spreads the spill.
- **Use Granite-Safe Products:** Opt for granite-specific cleaners for deeper cleaning and to preserve the sealant.
- **Seal Annually:** Test the seal by checking if water beads up. Reseal if it absorbs to maintain stain resistance.
- **Avoid Damage:** Use trivets under hot items, cutting boards during food prep, and coasters to prevent scratches, stains, and heat marks.

COMMON USES OF GRANITE

KEY CHARACTERISTICS OF GRANITE
